Location: I-liang Army Barracks AL-4 is located approximately 4.5 nm north-north-east of the city of I-liang.

General : This report is based on a chronological study utilizing the earliest coverage and all subsequent high-resolution photography of the installation. The number in parenthesis after dimensions (e.g., 7w) indicates the estimated building capacity for wheeled vehicles. Square footage is shown for barracks, quarters, messhalls and storage facilities. This installation contains three distinct company-sized areas. Recent observations of river crossing equipment indicate that it houses an engineer unit, probably of battalion size.
